

Sundance Single Speed Challenge

Sept 11th, 2010

This will be the 7th annual Single Speed Challenge held at Sundance. This race is designed for the cycling purest at heart who loves to challenge themselves by going back to the roots of cycling and riding only one gear and typically fully rigid. The Sundance Single Speed Challenge is the only single speed only race in the state! This event boasts a cash payout based on the number of entrants.

Race Categories: Male and Female (just keeping it simple)

Start Time: 9am

Entry Fee: \$25 dollars (70% of the entry fee is put into the cash purse)

Registration: Will be done by phone or at the shop.

The race will be roughly 1.5 -2 hours long and sport some good climbing over the whole race. I would recommend gearing around a 32:18 or 34:19/20 (if you're feeling strong)

Awards: Cash Purse for the top finishers. Awards will be mailed out to each participant the following week. Make sure the mailing address and phone number are current on your registration so you receive your award!

Parking: Racers may park in either the first or second parking lots.
