9. A “Resort Closure” is defined as the complete closure of the Sundance Mountain Resort solely due to or by reason of COVID-19, including, but not limited to, due to or by reason of any order and/or declaration from any government or regulatory body related to epidemics or pandemics, including, without limitation, Covid-19, directly affecting the state or county, as applicable, in which Resort is located. A “Credit Trigger” is defined as a Resort Closure that occurs for (a) 7 or more consecutive full days at any time during the Credit Window (as defined below) or (b) 30 or more full days total throughout the Credit Window. Cancellation, interruption or abbreviation of the Credit Window for reasons other than those described in this section do not constitute a Credit Trigger and will not result in a credit transfer. Each Credit Trigger requires the Resort to have no services available, including, but not limited to, any service or access to which the Season Pass entitles the holder of the product such as uphill access via chairlift or other mechanical conveyance (collectively “Resort Services”) for the entire duration of Resort’s normal daily operating hours, which is considered a full day. If any 1 Resort Service is available for all or part of a day (other than any food and beverage service), then the Resort is considered open. If Resort is closed on any day or part of a day due to reasons other than those described in this section, including, but not limited to, high winds, lack of snow, avalanche, road closure, or any weather-related issue, that closure does not qualify as a closure under any Credit Trigger. A Credit Trigger and Resort Closure applies only to days the Resort is normally scheduled for operations. For clarity, nothing in the Sundance Season Pass Protection Program terms is a commitment by Resort to keep any facilities, conveyances (including uphill access), services or amenities open for any particular period of time within any one day, and Resort reserves its right to close any of its services or amenities in its sole and absolute discretion at any time for any reason. For further clarity, a Resort Closure does not apply in the event the holder of a Season Pass is prohibited from traveling to Resort during the winter season by order and/or declaration of any government or regulatory body related to epidemics or pandemics directly affecting the state or county, as applicable, in which passholder is a resident. The “Credit Window” for Season Passes is defined as the time period between December 4, 2020 and April 4, 2021.
